* MY ACCOUNT

Library Lookup Bookmarklet for Firefox

Browse websites like Amazon, Barnes & Noble, BetterWorldBooks, etc. and see if your library owns a copy of the book.

Install in Firefox:

• Enable the bookmarks toolbar:
  View > Toolbars > Bookmarks Toolbar

• DRAG (seriously, don't click) this link: CCCLib Lookup to the Bookmarks Toolbar.

On a page like this: tinyurl.com/n800tc click the CCCLib Lookup button in the Bookmarks Toolbar. The Library Catalog web page opens, showing if the Library has the book. Any site that has the book’s ISBN in the page URL will work. If you get a blank page with a number, this means that an ISBN isn’t in the URL.

Library Catalog Search Plug-In

Search the library catalog directly from your web browser! This plug-in adds a search box to your web browser toolbar so you can search the library catalog without having to first go to the library website.

Install the add-on to Firefox or Internet Explorer

Search Plug-In: Books only

Free content for your iPod, iPhone, Zune, and other players. The Downloadable Media Collection includes bestsellers, classics, fiction, nonfiction, music, and video. Formats include .mp3, .epub, .wma, .wmv, .pdf.
