subject: Commission mail, library parking problem at Dougherty Valley

to: ccclibcommission@ccclib.org

comments: The preschool next door uses all the parking spaces on a regular basis leaving none for library patrons. How about some designated "library patron only" spaces in front of the library? This morning at 10 am it took 20 minutes to find a space. This is not unusual, all the spaces were taken and the library was empty.

Dear Ms. Purcell,

I am sorry you had difficulty in parking on October 27, 2011. You are correct that Acorn Learning Center visitors occupied many more spaces than normal on this particular day, due to a Halloween parade, in which family members attended.

Parking challenges have diminished over the past two years. The City of San Ramon, Contra Costa County Library, Acorn Learning Center and the Diablo Valley Community College met with a consultant hired by the City of San Ramon in May 2010 to review the issues related to Parking at the Village Center where the four buildings reside. One of the first results was the joint project with the Community College, the City of San Ramon and Shapell Homes to develop a 154-space parking lot in the southwest corner of the existing parking lot to alleviate parking during the weekdays by college students, between 9:00 am and 4:00 pm.

In 2010 and 2011 the Dougherty Station Library staff initiated discussions with the Windemere Middle school administration and parents to change trends of picking up school students in front of the Library at 3:00 p.m. during school days. This has reduced the number of cars parking in empty spots and cars idling in the parking lot waiting for their children.

The City’s consultant had some recommendations on traffic flow and street signs to assist in directing people to park in the Village Center, primarily directing college students to the back parking lot, closer to the front entrance of the college.

In addition, commuters were using the parking lot to meet and carpool to work. The City, through flyers, worked informally with this group to guide them to park in an area not normally used by students or users to the Library or the Community Center and to use a new park and ride lot located near Safeway on Bollinger Canyon Road.

The discussion of designating parking was reviewed. The original agreement for the Village Center was to have joint parking where the lot would be shared by the four tenants.

Designating specific spots for specific buildings would be difficult since there would be no enforcement of the designated spots. Currently the Transportation Department that worked with the consultant on the parking study, is investigating with the Police Department to determine how many designated spaces need to be held at the Dougherty Station Sub Station for police, after the relocation of most of the personnel to the 2401 Crow Canyon Road Permit and Police station.

We are continuing to listen to parking concerns and plan for future parking needs, and your comments are appreciated. Please let me know if you have any questions. Thank you.

Sincerely,

Kathy Middleton

Attorney General Harris,

I am writing to you as chair of the Contra Costa County Library Commission (authorized by a unanimous vote of the Commissioners) to request your support in the removal of the blue bins bearing "Books for Charity" signs that have been placed throughout the County by the for-profit company, Thrift Recycling Management (TRM) based in Lakewood, Washington. This company bills itself as "the world's largest seller of books" and its chairman has stated that it plans to "get serious about California next year." The inroads TRM has made into Washington and Oregon have devastated the ability of the Library Friends groups in those states to meaningfully contribute towards their local libraries' materials budgets.

Last spring, as these blue bins dotted parking lots—including those of grocery stores such as Safeway—throughout our County and the Bay Area—concern mounted, and members of some Friends of the Library groups worked to investigate and bring pressure to bear in their local communities to have these bins removed. But all of our communities need your support to keep TRM from working its devastation in California.

As you are probably aware, each Friends of the Library group (and there are twenty-six such groups in Contra Costa County) collects donations from their local communities, sorts, and then sells many of these donated books back to their communities, donating all of their proceeds to their libraries. Each Friends group works carefully to find charities to donate duplicate or unwanted books that are in good condition. Not only are books donated to Salvation Army, Goodwill, and St. Vincent de Paul, but books are also provided to schools (local and distant), other libraries, and charities supported by local citizens. Only books in poor condition are recycled. (TRM pulps half of its donated books, providing 25% or less to charity, and sells the rest online—providing annual sales of $26 million dollars.)

We want dollars earned from book donations in California to remain in California. We also want these dollars to continue to support our libraries. (Just one of our libraries, for example, will increase its materials budget by 80% for 2011-2012 from book sale proceeds—and these materials will benefit every library patron in the County.)

I would be pleased to provide more information as well as put you in contact with those who have spent many months working to make certain that TRM does not sweep into California as it has done in Washington and Oregon. We hope that your office will prepare for TRM as it "gets serious" about making inroads on our state.

The Contra Costa Library Commission looks forward to hearing from you about this matter and how we might help you proceed.

Sincerely yours,
