CONTRA COSTA COUNTY LIBRARY COMMISSION
AGENDA ATTACHMENT 5

MEETING DATE: Thursday, March 28, 2013

AGENDA ITEM #: 11 A

ITEM: LAFCO REPORT UPDATE

The LAFCO (Local Agency Formation Commission) Library Services Municipal Service Review (MSR)/ Sphere of Influence (SOI) update can be accessed online at http://www.contracostalafco.org/

RECOMMENDED ACTION:

None
CONTRA COSTA LOCAL AGENCY FORMATION COMMISSION
MINUTES OF MEETING

February 13, 2013
Board of Supervisors Chambers
Martinez, CA

1. Chair Federal Glover called the meeting to order at 1:30 p.m.

2. The Pledge of Allegiance was recited.

3. Roll was called. A quorum was present of the following Commissioners:
   City Members Rob Schroder and Don Tatzin.
   County Members Federal Glover, Mary Piepho, and Alternate Candace Andersen.
   Special District Members Michael McGill, Dwight Meadows, and Alternate George Schmidt.
   Public Members Don Blubaugh and Alternate Sharon Burke.

   Present were Executive Officer Lou Ann Texeira, Legal Counsel Sharon Anderson, and Clerk Kate Sibley.

4. Approval of the Agenda
   Upon motion of Tatzin, second by Blubaugh, Commissioners unanimously adopted the agenda.

5. Public Comments
   Wendy Lack commented on the designation of March as National Sunshine Month, intended to increase awareness of public agencies and their activities. She asked LAFCO to consider two points: 1) highlighting agencies that are doing a good job and 2) taping its meetings and posting the recordings on the LAFCO website.

6. Approval of January 9, 2013 Meeting Minutes
   Upon motion of Schroder, second by Blubaugh, the minutes for the January 9, 2013 meeting were unanimously approved.

7. Northeast Antioch Update
   The Executive Officer provided a brief chronology of the Northeast Antioch annexation process and reported that the City has released its revised CEQA document and that the subcommittee had met in late January to discuss progress and next steps.

   Commissioner Meadows stressed that there is still a lot of work ahead, particularly in relation to the proposed annexation of Area 2B (Viera area), but that it is ultimately a win-win situation for everyone, especially the residents who will have the main water and sewer lines installed at no cost to themselves. Commissioner Meadows encouraged the City and County to initiate an education/outreach effort as soon as possible.

   Commissioner McGill urged the City and County to engage in an aggressive education program to facilitate the annexation of, first, Area 2B, then Area 1 and finally Area 2A.

   Victor Carmiglia, representing the City of Antioch, reported that they are currently researching places for community meetings within the next two weeks. In the meantime, the City’s CEQA document will be addressed at the next planning commission meeting on February 20; approximately 500 notices were mailed for this meeting.

   Rich Seithel, representing the County, confirmed that the City and County are working closely on this.
Chair Glover thanked City and County staff for their work.

Commissioner Meadows reiterated the importance of the City annexing all areas, and the economic benefits to the area.

John Martinez, landowner in the Northeast Antioch area, spoke in support of the annexation, as his property is in need of services.

8. **Library Services Municipal Service Review (MSR)/Sphere of Influence (SOI) Updates**

The Executive Officer provided an overview of the work that has been completed on the Library Services MSR, covering the County Library system and the City of Richmond Library. Staff noted all questions and points raised by Commissioner at the January meeting have been addressed, and that the Final report and SOI recommendations have been discussed with library staff members.

Staff highlighted the following recommendations for County Service Area SOIs:

**LIB-2** — Retain the existing SOI.

**LIB-10** — Retain the existing SOI and maintain the CSA as a separate government entity for future funding enhancements.

**LIB-12** — Retain the existing SOI and maintain the CSA as a separate government entity for future funding enhancements.

**LIB-13** — Expand the SOI to include the remaining portion of the Rancho Paraiso neighborhood.

Chair Glover opened the hearing to the public.

Maude DeVictor, a Richmond Public Library (RPL) Commissioner, commended the children’s librarian who has been instrumental in children’s programming, something the RPL is known for.

The Chair closed the public hearing.

Upon motion of Piepho, second by Blubaugh, Commissioners unanimously determined that the MSR project is Categorically Exempt pursuant to §15306, Class 6 of the CEQA Guidelines; accepted the Final MSR report; adopted the MSR determinations; and adopted resolutions updating the SOIs for County Service Areas LIB-2, LIB-10, LIB-12, and LIB-13 as recommended by staff.

9. **Strategic Planning Session**

The Executive Officer provided Commissioners with an update on planning for the proposed strategic planning session, and noted that a draft agenda and information on possible facilities has been provided for discussion.

Commissioners offered comments and agreed that the afternoon of Monday, April 15, would be best for most schedules. Commissioners also agreed on a narrow focus for the limited amount of time available, and that in-depth discussion of second-round MSRs and how to use them most advantageously would be the best way to spend their time. Staff was directed to reserve a room at either the Walnut Creek or Lafayette Library and proceed with the more narrowly focused agenda.

10. **Fiscal Year 2013-14 Budget/Work Plan Schedule**

The Executive Officer presented the Fiscal Year 2013-14 budget schedule, with a proposed budget to be presented in March, followed by a final budget in May.

Commissioner Tatez asked staff to look into the cost of posting audiotape recordings of LAFCO meetings on the website. Commissioner Piepho suggested that if there is anything that the Grand Jury wants from LAFCO, related costs should be addressed in the budget.

CALL TO ACTION CORRECTION – BUDGET SUBCOMMITTEE CHANGE

On Wednesday, you received a “News From the Capitol” report from our office, regarding a “call to action,” for this year’s so-called “Budget ask” involving the CENIC/CLA/State Library proposal to connect libraries to the CENIC backbone. We incorrectly noted that Senator Ted Gaines was a member of the Senate Budget Subcommittee Number One on Education Finance, but he has, in fact been replaced. Senator Mark Wyland, the current Vice Chair of the Senate Education Committee, will take Senator Gaines’ place on the subcommittee this year.

Here is the correct list for the Senate Budget Subcommittee Number 1 on Education Finance –
Senator Marty Block, Chair – Room 4090
Senator Roderick Wright – Room 2032
Senator Mark Wyland – Room 4048

We apologize for the confusion.

March 13, 2013

CONNECTING LIBRARIES TO THE “CENIC BACKBONE” - A LEGISLATIVE AND BUDGET EFFORT

One of the issues that CLA is actively working on this year is an effort to connect public libraries to the “CENIC backbone.” The Corporation for Education Network Initiatives In California or “CENIC” recently invited CLA leadership and the State Library to participate in a discussion regarding the feasibility of adding public libraries to CENIC’s existing “high-bandwidth, high-capacity Internet network” that currently connects K-12 schools, CSU, UC, the community colleges, and some private universities, to a statewide network called “CalREN.” According to a draft “white paper” prepared by CENIC, “CalREN consists of a nearly 3,000 mile CENIC-operated backbone to which nearly 10,000 schools and other institutions in all of 58 of California’s counties connect via leased circuits obtained from telecom carriers or fiber-optic cable.”

CENIC believes that the next wave of the network is to add public libraries to the backbone. CLA leaders note that they have been hearing from library directors that patron numbers at libraries continue to be at an all-time high, and consequently, the pressures on their library Internet connections are surging. There is a great need to provide adequate capacity for those patrons seeking to apply for work online or use JobScout, access Online Homework Help, stream in a how-to video, and soon, to apply for health coverage under the Affordable Health Care Act. Some libraries, even in affluent jurisdictions, only have the ability to use a DSL connection at this time, and the CENIC proposal would afford them the opportunity to receive a more robust capacity for essentially the same amount of money.

To ensure that the California Library Services Act is modernized sufficiently to be able to accommodate any state funding for broadband network infrastructure and support, Senator Carol Liu has graciously agreed to author SB 331, which, as amended, will sufficiently create that authority. Senator Liu is the Chair of the Senate Education Committee, where the bill will be heard first on April 3. She was previously the Chair of the Budget Subcommittee on Education Finance in the Senate, and is one of our top library supporters at the Capitol.
Concurrently, CLA, the State Library and a consultant from CENIC, have been meeting with key legislators and staff, to discuss the feasibility of obtaining some state funding for the purpose of connecting public libraries to the CENIC backbone. CLA would need to obtain $2.25 million from the General Fund, while CENIC would obtain a matching grant amount of $2.25 million from the Teleconnect Fund. CLA is also directing us, as your lobbyists, to seek additional Budget funding to help libraries with the purchase of circuits or other broadband networking needs so that they are able to link into the network, once it is in place.

The CLA Legislative Committee met last Friday to discuss this year’s state Budget “ask”. In addition to approving the high-speed network proposal, they felt strongly that there should also be a Budget request for a modest augmentation to the State Literacy program.

Collectively, this year’s State Budget “ask” is for $5 million and looks like the following:

- $2.25 million is needed, in an effort to connect every single library outlet to the CENIC backbone. The money would flow through the State Library and CLSA
- $750,000 is needed to backfill the state Literacy program and spare programs from closure
- $2 million is needed to provide grant funding for libraries in need of obtaining circuits or other technology required to connect to the broadband network

While $5 million sounds like a modest request, the legislature is being very cautious about authorizing any new appropriations until after the Governor releases his May Revise of the Budget, on or about May 15th and the state’s fiscal picture becomes a bit more clear. Several high ranking leaders have said to us personally, “We just won’t know until we see the May Revise.” It is important to note that this $5 million augmentation would be on top of the current baseline funding level of $4.7 million currently provided for CLSA and the literacy program.

Some CLA members may wonder why there is no intended Budget push for funding for the Public Library Foundation or Transaction Based Reimbursement. Unfortunately, the amount of General Fund money that would be required in order to make those two programs functional and of benefit to libraries, is substantial and we feel we could not win approval of that amount in the legislature this year. Given the political and Budget realities, the CLA Board and the Legislative Committee felt that it was best to pursue, what some are calling, “a game changing” broadband network opportunity that CENIC has presented.

Please see the article to follow regarding next steps and how you can help with the advocacy effort.

II. HEARING DATES SET FOR BUDGET SUBCOMMITTEES AT CAPITOL: Library Issues To Be Heard In April

On January 10th, Governor Brown released his 2013-14 proposed Budget which does not propose any changes to the State Library Budget, nor to the funding for the California Library Services Act and the state literacy program. Over the past two weeks, the Senate and Assembly Budget Committees and their Budget Subcommittees have begun holding “overview hearings” on particular subject matters such as the Governor’s major education finance overhaul and implementation of the Affordable Care Act. Now the Budget Subcommittees are starting to focus on specifics contained in the Governor’s Budget and they have set important April hearing dates for the State Library issues.

We would like to alert you to two important hearing dates:

- Wednesday, April 24 at 4 p.m.: The Assembly Budget Subcommittee Number 2 on Education Finance will meet to discuss and evaluate the State Library Budget. Please note: there are several new members of this committee.

Assembly Budget Subcommittee Number 2 on Education Finance members are:

Assemblywoman Susan Bonilla, Chair – Room 4140
Thursday, April 25 at 9:30 a.m. or upon adjournment of Session: The Senate Budget Subcommittee Number 1 on Education Finance will meet to discuss the State Library Budget.

Senator Marty Block, Chair (new to subcommittee and new as Chair)
Senator Ted Gaines – Room 3070
Senator Rod Wright – Room 2032

Sample address:

The Honorable Marty Block
Chair, Senate Budget Subcommittee Number 1 on Education Finance
State Capitol, Room 4090
Sacramento, CA. 95914

We will be working with the subcommittee chairs and consultants in the coming weeks to try to get our issues agendized. Because the Governor did not add or subtract to the current baselines for the CLSA or literacy program, they technically are not automatically agendized by the subcommittee. So, hopefully a combination of our lobbying efforts and your letter writing campaign will encourage both subcommittees to provide us with an opportunity to make CLA’s case regarding the 2013 Budget “ask” at the Capitol.

The meantime, we would appreciate your help. Please take a moment today to write the members of the Budget Subcommittees listed above. In your letters:

- Request their support of the $5 million augmentation explained in the previous article
- Explain how your library would benefit from having enhanced broadband capacity
- List some of the ways patrons are using Internet services at the library for important programs such as job searches, health resources, tutorials and others
- Note that it is important this be a state program, administered by the State Library. The State Library can work to ensure that the underserved and the unserved communities receive necessary support.
- Stress the importance of maintaining an educated citizenry and the value of the state’s coordinated, adult learner literacy program
- The $5 million will assist in protecting matching federal funds

Lastly, please look for CLA’s update in the coming weeks featuring the launch of a special grass roots advocacy effort for 2013. CLA members and supporters will be encouraged to schedule appointments to visit with their legislators in the district to advocate on behalf of the Budget and several important legislative matters, such as SB 331-Liu and SCA 7-Wolk (55% for bonds and special taxes). With approximately 40 new members of the legislature sworn in to office this year, your local advocacy efforts and the ability to establish relationships with these Senators and Assembly members will be more important than ever.

ITEM: LIBRARY COMMISSION ROLE AS ADVISORY BODY

RECOMMENDED ACTION:
MEETING DATE: Thursday, March 28, 2013
AGENDA ITEM #: 11 D
ITEM: REVISIT THE IDEA OF AN OUTREACH SUBCOMMITTEE OF THE COMMISSION

RECOMMENDED ACTION:

Commissioners will consider the legal boundaries of the Library Commission to create an Outreach Committee and identify a subcommittee of the Commission if Commissioners decide to move forward.
MEETING DATE: Thursday, March 28, 2013
AGENDA ITEM #: 11 E
ITEM: BOARD EFFECTIVENESS TRAINING

RECOMMENDED ACTION:

Commissioner Smith (District IV) offered to secure a representative from CPLA (California Public Library Advocates: http://www.cpladvocates.org/) to provide board effectiveness training to the Library Commission. Commissioners will determine if this training would be something that they could attend and schedule a meeting date to accommodate Commissioners and the CPLA trainer.
CPLA exists for you!

Take it, Teach it! Over 115 library boards have been trained! Several boards have had sufficient turnover to request the training a second time. Have you had a turnover on your board? Request the training again.

Library Board Effectiveness Training - FREE

This training is available now, presented at your library, on a date of your choosing on a Saturday from 9 a.m. to noon. Experienced trustees/commissioners have been trained in a curriculum developed by Carla Lehn, consultant in board training, California State Library. In order to be more effective, each session is tailored to the specific needs and issues of the board or commission being trained.

By the end of this session participants will be able to:

- Articulate the significant role and contribution of volunteer trustees to Library success, including CPLA’s role.
- Understand the various Library Board structures in California, and recognize the type on which they serve.
- Identify legal obligations of library board members, and know steps to take to reduce personal and Board liability.
- List the role and functions of a Library Board, and articulate some success strategies for accomplishing them.
- Develop and/or enhance a productive working relationship with their Library Director.
- Identify next steps for addressing their own current issues in this area.

Agenda

- Introduction
- Why Do We Have Library Boards?
- Types of Library Boards in California
- What Library Boards Do
- Legal Duties and Liabilities of Library Board Members
- Success Strategies for Boards
- Working Toward Good Board/Library Director Relations
- Next Steps -- What Can We Do To Help Our Board Be Effective?
- Additional Resources Available to Help

Email Jane Jones to arrange for this FREE training >>
We are pleased to be able to provide this service as part of our goal to educate California library trustees and commissioners to better carry out their duties and responsibilities.

**Become a Trainer**
The Board Development Committee is always looking for a few great trustees/commissioners who would like to be workshop trainers. You must have some experience training adults, experience on a California library board, a California driver's license, and membership in CPLA (or willingness to join). The commitment is for one year with the likelihood of each trainer doing two to three workshops. Our trainers have stated how much they enjoy presenting the workshop and how much they learn, too.

Please send your comments about this or any other trustee/commissioner needs to Jane Jones.

RE: News From the Capitol

I. SCR 14-WOLK CELEBRATES "CALIFORNIA LIBRARY WEEK"

Senator Lois Wolk (D-Davis) has introduced SCR 14, a legislative resolution celebrating "California Library Week," from April 14 to April 20, 2013. The measure, sponsored by CLA, seeks to highlight the positive contributions of public libraries, librarians, and all library workers for "enriching the lives of California residents." The week of celebration will coincide with National Library Week, wherein libraries throughout the state and the nation will be hosting special events and highlighting important local programs and services.

Senator Wolk is also the sponsor of SCA 7, the constitutional amendment that seeks to lower the local voter threshold from the current two-thirds vote to 55% for a community seeking to pass a library construction bond or a special tax for the support of the library. This measure is also sponsored by CLA and has not yet been set for hearing in its first legislative policy committee - the Senate Governance and Finance Committee. (However, constitutional amendments do not have the same time deadlines as bills, and there is a likelihood that SCA 7 could be set early to mid May.)

CLA is grateful to Senator Wolk for her long-standing commitment to library issues at the Capitol and for her strong support of her local libraries.
SCR 14, as introduced, Wolk. California Library Week.
This measure would declare April 14 to April 20, 2013, inclusive, as California Library Week.
Fiscal committee: no.

WHEREAS, California Library Week seeks to partner with the efforts surrounding National Library Week, which is being celebrated in public libraries throughout the United States from April 14 to April 20, 2013, inclusive; and
WHEREAS, More than 21 million people use California’s public libraries each year; and
WHEREAS, California’s public libraries are changing and dynamic places, offering books, computers, Internet access, e-mail reference, eBooks, and other innovative services to connect their users with ideas and information; and
WHEREAS, California’s public libraries are valued community centers providing education, information, knowledge, and entertainment; and
WHEREAS, California’s public libraries and librarians advance teaching and learning by helping students, faculty, seniors, veterans, researchers, and other members of the general public obtain the best, most accurate, and complete information; and
WHEREAS, California’s public libraries provide equal and economical services to library users, and in many cases, serve as a community’s only point of access to resources for learning; and
WHEREAS, California’s public libraries provide technology training and help to bridge the digital divide for those who do not have access to technology at home or at school; and
WHEREAS, California’s public libraries change lives by serving over 20,000 adults annually through customized literacy services delivered primarily through trained volunteers, who contribute over 750,000 hours annually to assist adults in learning how to read; and
WHEREAS, The students of California are a rapidly growing group of library users, visiting the state’s public libraries after school and on weekends for homework assistance and for materials to use in school assignments; and
WHEREAS, California’s public libraries are important community educational resources, providing books and innovative programs and services such as preschool literacy readiness, Toddler Times, the Summer Reading Program, Grandparents and Books, and Reach Out and Read in conjunction with pediatric clinics; and
WHEREAS, This year the California State Library will be celebrating its 163rd year of providing technical assistance and consultation to California’s public libraries, and preserving and hosting an abundance of California’s priceless historical items; and
WHEREAS, California’s public libraries preserve our cultural heritage, inform our present, and inspire our future;

now therefore, be it 
Resolved, by the Senate of the State of California, the Assembly thereof concurring, That the Legislature declares the week of April 14 to April 20, 2013, inclusive, as California Library Week, and commends California’s public libraries, librarians, and all library workers for enriching the lives of California residents and helping to make our state an exceptional place to live, learn, and work; and be it further
Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

As the authorized user, I will be responsible for all materials checked out with this card. I will notify the library of any change of address. I will report a lost card immediately. I agree to pay all charges for overdue, lost and damaged materials. If I fail to pay any charge I will be responsible for all collection costs. As a parent or legal guardian, I agree to be responsible for my child’s reading and viewing materials under the library’s policy on patron confidentiality.

Signature of Applicant

Date

Signature of Parent or Legal Guardian if under 13

Date

Children under 13 must be able to write or print their names (first name only is acceptable) and must have parent’s or legal guardian signature. Before signing as a parent or legal guardian, please be sure you have read the other side of this form. The parent or legal guardian must provide one form of identification as listed below.

Patron must show I.D. as follows: Current driver’s license with current address (Temporary driver’s license is not acceptable); or two other pieces of identification, one of which must have current address. These are acceptable forms of identification:

1. I.D with name plus proof of current address.
2. Printed bank check.
3. A piece of first class mail postmarked within 30 days.
4. Voter registration card
5. Utility bill
   Car registration

If no verification for a permanent address can be shown, an Address Verification Postcard can be sent to the patron’s residence. Patron can then return to the library with the postcard plus name verification to receive borrower’s card.

Form 3.01 (rev 4/2011)
Dear Parent or Guardian:

We are pleased that your child has requested a library card from the Contra Costa County Library. Obtaining a library card is an important stage of growth for most young people. We hope that this is the beginning of a long and friendly relationship between your child and the library.

As a parent or guardian, there are policies of the Contra Costa County Library that we want to bring to your attention before your child completes a library card application. Since this is a "contract" with a minor, we do require your signature. It is important that you understand that in signing, you accept financial responsibility for any materials checked out on the card.

With this card your child has access to all resources of our library. The library staff will not restrict the child's choice of books or use of other library materials. It is our policy to serve people of all ages with a broad selection of library materials to satisfy the informational needs of citizens of Contra Costa County. Libraries contain some printed, audiovisual, and electronic materials, which some parents occasionally find objectionable or inappropriate for their children. Because our staff does not monitor the choices a child makes, we suggest that you may wish to be aware of what materials your child borrows from the library. The responsibility for any restrictions on a child's borrowing privileges rests with the parent or guardian.

In order to guarantee privacy for each individual, California law mandates confidentiality of registration and borrowing records, and Contra Costa County Library policies and procedures carry out that intent. Library staff cannot give any information about a patron's registration and circulation record to anyone other than the patron, no matter what the age or relationship to the patron. For example, a parent cannot be told what material a child has checked out on the child's card without the child's consent.

We look forward to many years of service to your family in meeting your reading and information needs.

Sincerely,

[Signature]

Barbara Flynn
County Librarian
