Observe the wonders of static electricity.

**STEPS:**

1. Blow up the balloons and tie the ends.
2. Attach the string to the end of both balloons.
3. Rub the balloons on a sweater.
4. Hold them up by the string. What happens?
5. Place the index card between the two balloons - What happens now?

**MATERIALS NEEDED**

- 2 Balloons
- String
- Sweater (Preferably wool)
- Index card
